

Bizprac Software Limited Trial Period

The standard duration of a “Bizprac Software” version trial period will be administered by Bizprac Head Office and set for fourteen (14) calendar days from the initial activation. At the end of the trial period the trial period license will be deactivated and access to the software will cease.

If you require an extension to the initial trial period, contact Bizprac Software’s Head Office on (07) 3875 2875. Bizprac Software reserve the right to engage or deny an extension to access an additional trial period depending on the circumstances presented at that time.
